Course Description
<p>The CRM Trainer course gives an overview of the EASA requirements related to CRM training, highlighting the impact CRM had on aviation safety. The course will recap the crucial elements of human factors and crew resource management. Candidates will be shown how to extract and discuss the crucial lessons extracted from accident or occurrence reports. Additionally, important tools related to class management and class leadership will be discussed.</p> <p>All participants will be given the opportunity to interact and practice during the course as to consolidate further their skill and knowledge. At the end of the course, the candidate will have the capability to develop and present CRM related topics to air crew who are undergoing initial, recurrent, conversion, or command CRM training.</p>

Target Group
<p>The CRT course is designed to target individuals and trainers who engage in ground CRM training activities for air crew within an air operator. The CRT course is applicable to three different groups as specified in AMC3 ORO.FC.115 and AMC3 ORO.CC.115(e):</p> <ul style="list-style-type: none"> a) Participants who inspire to become CRM Trainers for the first time (initial). or b) CRM Trainers who require a CRM Trainer refresher (refresher). or c) CRM Trainers who have not complied with the recency requirements and wish to renew their CRM Trainer qualification (renewal).
